

Summer 2026 · family guide

The best week of the summer.

Everything parents need to know, from drop-off to the last campfire.

Welcome to camp.

For seven days your child will paddle, build, swim, sing and sleep under the pines with forty new friends. Here is how the week works.

A day at camp.

7:30	Wake up and breakfast
9:00	Lake time: canoes and swimming
12:30	Lunch under the trees
2:00	Crafts, nature or games
5:30	Dinner, then free time
8:00	Campfire and songs

On the water.

Every child swims with a buddy and a life jacket, watched by two lifeguards.

Stories round the fire.

Evenings end with songs, marshmallows and a story from the counsellors. Lights out at nine.
